CONSIDER THESE BENEFITS:

1. **Presentations on relevant topics at every meeting**
2. **Tour interesting new health facility projects each year**
3. **On-The-Boards presentations by regional architects at each meeting showing design work underway currently.**
4. **6 HSW CEU credit hours per meeting**
5. **Great networking opportunities with regional architects, consulting engineers, owner representatives and contractors, all involved in health facilities design and construction.**
6. **Up to the moment information related to health facility licensing, building codes, other related organizations' activities, and special notices**.
7. **Sustainability CES credit hours offered during the year**.
