

## AIA Washington Council – 2016 Advocacy Summit CES

Course Directory:	Legal
Delivery/Provider Type:	All
Delivery/Provider Name:	AIA Washington Council
Topic Area:	Registration/Legislation
Course Title:	2016 AIAWA Advocacy Summit
Course Number:	2016-Nov10 2016
Course Description:	In this course you will hear about and participate in identifying current and future legislative issues of importance to the architectural profession in the State of Washington. You will then receive training from the AIA'S national advocacy staff on how to develop a campaign in support or opposition to a particular piece of legislation or public initiative.
Key Words:	Legislative issues, training, advocacy,
Learning Objective 1:	Each attendee will learn why it is critical that architects reach out to and meet with legislators.
Learning Objective 2:	Each attendee will be able to identify potential legislative issues and learn how to articulate their importance to the architectural profession.
Learning Objective 3:	Each attendee will learn how to develop a strong legislative advocacy plan pertaining to an issue of importance to the architectural profession.
Learning Objective 4:	Each attendee will learn how to better communicate their position on issues or bills to their legislators and other groups with interests in a particular issue or bill.

This course has been approved for 6 Learning Units (LU).
